

The Generosity Factor

by Kenneth H. Blanchard

1. Success vs. Significance: A Fundamental Choice

"What I'm saying is that while many people can achieve success, it seems to me that only a few achieve significance."

Generosity Factor

IM Harris

Generosity Factor:

The Generosity Factor Kenneth H. Blanchard, Ken Blanchard, S. Truett Cathy, 2002 A modern day parable teaching the joy of generosity service and relationships In the tradition of the best seller *The One Minute Manager* authors Ken Blanchard and fast food entrepreneur S Truett Cathy Chic Fil A create a parable that demonstrates the virtues of generosity The Broker is a young man on the way up the corporate ladder who has found a niche for making money through high tech investing His imposing home his chauffeur driven limousine his deep sea fishing boat and his rubbing shoulders with leading New York executives create the illusion of success yet deep inside he is restless and feels insignificant He reads an article about The Executive the CEO of a very large and successful company who claims the greatest joy in his life is his ability to give to others This piques The Broker s curiosity He thinks he might get a competitive edge by meeting with The Executive The Broker is impressed by all the antique and collector automobiles in the first floor lobby of The Executive s office building He must really worship cars he tells The Assistant Not at all The Assistant says He displays these extraordinary machines to inspire us to remind us that each of us is unique The Broker s worldview continues to be shaken and turned upside down as he talks to The Executive and hears the principles that form his life The Executive describes the plan he has developed that turns giving into a tremendous pleasure He calls it The Generosity Factor a way to give time talent treasure and touch to those in need The advice The Broker receives and the relationship he develops with The Executive provide a pleasant surprise and a unique twist on what it means to truly succeed whether in business at home or in life

The Generosity Factor Kenneth H. Blanchard, S. Truett Cathy, 2002 *Post-Communist Welfare States in European Context* Kati Kuitto, 2016-02-26 Welfare reforms in post communist countries are determined by economic and social hardship democratization of the political systems and rapid structural change This groundbreaking book provides a comprehensive and systematic empirical assessment of the Central and Eastern European post communist welfare states in the context of their Western European counterparts Basing the study on new data on welfare entitlements and cluster analysis Kati Kuitto systematically compares 26 European welfare states across three empirical dimensions The author employs a multidimensional framework to analyze patterns of welfare policies and highlight spending priorities financing and the generosity of welfare entitlements Kati Kuitto thus sheds light on the hybrid patterns of welfare policies in post communist countries as they have emerged after the period of transformation and discusses their future challenges Unique and comprehensive this is essential reading for researchers in the fields of comparative welfare state research and Central and Eastern European studies as well as students and practitioners of social policy social security and political economy

State and Local Retirement Plans in the United States Robert L. Clark, Lee A. Craig, John Sabelhaus, 2011-01-01 *State and Local Retirement Plans in the United States* explains how economic and political events have shaped the development of pension plans in the last century and it argues that changes in the structure and generosity of these plans will continue to shape

policy and funding in the future It also brings to bear a new rationale to the policies behind public sector pension plans The authors use the history of how early public pension plans were established how they matured and how they have grown in generosity to analyze what changes may be expected in years to come Unique in its scope this comprehensive history of the development of public sector pension plans in the United States during the twentieth century expands upon current ideas relating to the changing economic environment the passage and evolution of social security and the expansion of the public sector With the exception of military pension plans which date from the eighteenth century the first public sector plans dating from the late nineteenth century were established to cover teachers police officers and fire fighters in large cities Over time these retirement plans were extended to other public sector workers and the local plans were often merged with plans for state workers all of these date from the twentieth century Here the authors show just how pension coverage for public sector workers expanded steadily through the first half of the twentieth century so that by the 1960s the vast majority of public sector workers were covered by a plan This analysis demonstrates how economic events and shifts in public policy at the federal state and local levels helped to shape public sector retirement plans The authors also compare public plans with private sector plans and the final chapter focuses on recent changes in public pensions in response to the Great Recession concurrent sharp declines in equity markets and the aging of the public workforce

Should Christians Prosper? James H. Hooks, 2012-12 Prosperity is guaranteed by God Himself revealed through His Word Most Christians believe that God wants them to prosper and rightly so This is because in the Bible God tells us He not only wants us to prosper but also that He plans for us to prosper Yet prosperity has eluded so many not because of lack of desire but because of lack of understanding In search of this dilemma they look for Scriptures to guide them They find that the answer is not found in one topic or one scripture but scattered throughout the Bible in over 1 500 Scriptures dealing directly with the subject There are approximately 1 000 more dealing indirectly with prosperity in some form My research has taken me through all of those Scriptures and put together an understanding that is easy to follow from one chapter to another revealing in Scripture in such a way that answers any question you may be facing in your own life that may be preventing you from achieving true prosperity There are many misconceptions and teachings on the prosperity doctrine that miss the mark and turn off many believers and nonbelievers alike This book reveals the false teachings of prosperity and how to detect the difference at a glance No matter where you are in your Christian walk there is something here for you Remember it is what you learn after you know it all that makes the biggest difference in your life If you do not consider yourself a Christian don't let that deter you from reading this book After reading this book you may just want to become one Don't waste another minute We know that God never lies God never fails and God truly wants you to prosper Suggested Reading Trust God for Your Finances by Jack Hartman The Generosity Factor by Ken J Blanchard and S Truett Cathy The Blessed Life by Robert Morris

The Top Books of the Year Generosity Factor The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have charmed audiences this year. Generosity Factor : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Generosity Factor : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Generosity Factor : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
