Sickness and Spiritual Darkness A Hospital Without Running Water And 250 000 People in Need of a Doctor When Dan
Fountain and his wife arrived in the Congo in 1961 the challenges to effective medical missions seemed overwhelming As the
only doctor for a quarter of a million residents of the Vanga Health Zone and with nothing but a dilapidated mission hospital
and an under trained staff to run it Dr Fountain turned to prayer innovation and local partnerships to meet the vast needs of
his area Health for All tells the story of an ever increasing vision from curative care to community health from a barely
functioning hospital to a network of successful health services from a lack of qualified workers to a local residency training
program from biomedical reductionism to whole person care from cultural stalemate to worldview transformation Dr
