How To Get Free Money For College! Trevor Ramos, 2019-04-21 This book is the best introduction to getting free money scholarships and grants It is a must read for the parents of college bound high school students who don't want to blow all their money on college tuition and expenses Parents of college bound high school students often ask when the best time is to get free money in the form of scholarships and grants to help pay for college The answer is simple but how you get to the answer is not The best time to get the free money you are seeking to help pay for your student's college education is January February and March of their senior year That's the time when the colleges and universities are flush with scholarship and grant money When the free money gets low or is gone it naturally becomes increasingly difficult to get any free money In fact if you wait too long the only way to get money for college is through student loans and parent loans This is an easy but unbelievably expensive way to pay for college Why It's expensive because you or your child could easily pay an additional 50 000 to 100 000 in interest and finance charges The not so simple answer to this question often shocks parents Your best chance of getting the big money actually starts between the 7th and 10th grades Some parents gasp when they find out That's because they think that the 11th grade is the appropriate time to start planning for college In the old days this was probably true However today everything has changed The cost of college is much more than it ever was in the past In fact it's such a huge investment to get a college degree 100 000 to 200 000 the only thing more expensive in life will be the purchase of a family home in a nice neighborhood or paying for a catastrophic

illness if you have no health insurance If you have a college bound high school student you are in for a big financial surprise It ll be a big surprise because you and your student are going to have to come up with 20 000 to 60 000 PER YEAR until your student graduates If you are lucky and have really good student this will be 4 consecutive years For not so lucky parents and students this could easily drag out to 5 7 years If you don t have the money to throw at this cash eating monster you are going to have to borrow the money through student loans second mortgages or dip into your retirement savings Or you can simply tell your student that the only way they are going to college is to get student loans or to go to a community college and start with an AA degree There are billions of dollars of free money scholarships and grants available to all college bound high school students The problem is that most parents are too busy living their lives raising their families and earning a living to take the time and expertise to find out where all this money is and how to get it This is where this book can help you If you are sincerely interested in sending your kids to the top colleges in America for pennies on the dollar please read this book right away and be prepared to learn ways you can get free money scholarships and grants to cover the costs and which colleges and universities are most likely to give your student money to attend their school
