innovative tactics but also their adoption of vastly improved new weapons such as light machine guns super heavy artillery flamethrowers hand grenades daggers steel clubs and poison gas This book offers a narrative of the organizational development of the shock and assault troops of their military operations and their combat methods The bulk of the chapters are devoted to a historical reconstruction of the assault detachments combat missions between 1917 18 by utilizing previously unreleased archival sources such as Italian and Austrian war diaries official manuals divisional and High Command reports and the soldiers own recollections of the war Finally it offers a comprehensive description of their uniforms equipment and weapons along with a large number of illustrations maps and period photographs rarely seen This epic trial of military strength of these special stormtroops cannot be properly understood without visiting and walking the battlefields The appendix thus offers the reader a series of walks to visits key high mountain fortifications in the Italian Dolomites many of which have attained almost legendary status
