Artistry in Native American Myths Karl Kroeber, 1998-01-01 This challenging study analyzes nearly forty superb stories from mythic narratives predating Columbus to contemporary American Indian fiction representing every traditional Native American culture area Developing recent ethnopoetic scholarship and drawing on the

critical ideas of Mikhail Bakhtin and Pierre Bourdieu Karl Kroeber reveals how preconceptions deriving from our hypervisual print dominated culture distort our understanding of essential functions and forms of oral storytelling Kroeber demonstrates that myths do not merely preserve tradition but may transform it by performatively reenacting the concealed sociological and psychological conflicts that give rise to social institutions Showing how the variability of mythic narrative fosters communal self renewal Kroeber offers startling insight into Native Americans perception of animals as cultured their creation of visually unrepresentable tricksters by aural imagining and the rhetorical means through which oral narratives may not only reflect but even redirect political change By making understandable the forgotten artistry of oral storytelling Kroeber enables modern readers to appreciate fully the tragic emotions hilarious ribaldry and haunting beauty in these astonishing Native American mythic narratives Karl Kroeber is Mellon Professor of Humanities at Columbia University His most recent books are *Ecological Literary Criticism Romantic Imagining and the Biology of the Mind* and *Retelling Rereading The Fate of Storytelling in Modern Times* **Sundancing** Thomas E. Mails,1998 To the Plains Indians the Sun Dance has traditionally been a profound religious ceremony the highest form of worship of the Most Holy One Thomas E Mails was invited to attend and record in detail the Sioux Sun Dances at Rosebud and Pine Ridge This was a singular honor no white man has been accorded before or since The result is this groundbreaking work illustrated with rare photographs and stunning four color paintings *The Lakota Ritual of the Sweat Lodge* Raymond A. Bucko,1998-04-01 For centuries a persistent and important component of Lakota religious life has been the Inipi the ritual of the sweat lodge The sweat lodge has changed little in appearance since its first recorded description in the late seventeenth century The ritual itself consists of songs prayers and other actions conducted in a tightly enclosed dark and extremely hot environment Participants who sweat together experience moral strengthening physical healing and the renewal of social and cultural bonds Today the sweat lodge ritual continues to be a vital part of Lakota religion It has also been open to use often controversial by non Indians The ritual has recently become popular among Lakotas recovering from alcohol and drug addiction This study is the first in depth look at the history and significance of the Lakota sweat lodge Bringing together data culled from historical sources and fieldwork on Pine Ridge Reservation Raymond A Bucko provides a detailed discussion of continuity and changes in the sweat ritual over time He offers convincing explanations for the longevity of the ceremony and its continuing popularity *Native American Writers* Harold Bloom, Sterling Professor of Humanities Harold Bloom,2010 Presents a collection of critical essays analyzing modern Native American writers including Joy Harjo Louise Erdrich James Welch and more **Spirit and Resistance** George E. Tinker,2004-09-15 Writing from a Native American perspective theologian Tinker probes American Indian culture its vast religious and cultural legacy and its ambiguous relationship to the tradition historic Christianity that colonized and converted it He offers novel proposals about cultural survival and identity sustainability and the endangered health of Native Americans **Bad Land Pastoralism in Great Plains Fiction** Matthew J. C. Cella,2010-04-15 At the core of this nuanced

book is the question that ecocritics have been debating for decades what is the relationship between aesthetics and activism between art and community By using a pastoral lens to examine ten fictional narratives that chronicle the dialogue between human culture and nonhuman nature on the Great Plains Matthew Cella explores literary treatments of a succession of abrupt cultural transitions from the Euroamerican conquest of the Indian wilderness in the nineteenth century to the Buffalo Commons phenomenon in the twentieth By charting the shifting meaning of land use and biocultural change in the region he posits this bad land the arid West as a crucible for the development of the human imagination Each chapter deals closely with two novels that chronicle the same crisis within the Plains community Cella highlights for example how Willa Cather reconciles her persistent romanticism with a growing disillusionment about the future of rural Nebraska how Tillie Olsen and Frederick Manfred approach the tragedy of the Dust Bowl with strikingly similar visions and how Annie Proulx and Thomas King use the return of the buffalo as the centerpiece of a revised mythology of the Plains as a palimpsest defined by layers of change and response By illuminating these fictional quests for wholeness on the Great Plains Cella leads us to understand the intricate interdependency of people and the places they inhabit Cella uses the term pastoralism in its broadest sense to mean a mode of thinking that probes the relationship between nature and culture a discourse concerned with human engagement material and nonmaterial with the nonhuman community In all ten novels discussed in this book pastoral experience the encounter with the Beautiful leads to a renewed understanding of the integral connection between human and nonhuman communities Propelling this tradition of bad land pastoralism are an underlying faith in the beauty of wholeness that comes from inhabiting a continuously changing biocultural landscape and a recognition of the inevitability of change The power of story and language to shape the direction of that change gives literary pastoralism the potential to support an alternative series of ideals based not on escape but on stewardship community continuity and commitment

Black Elk Damian Costello,2005 This study of Black Elk the Oglala Lakota subject of the bestselling *Black Elk Speaks* challenges the assumptions of many scholars both those who claim that Black Elk was a Lakota holy man first and foremost and those who maintain that he abandoned his Lakota tradition after converting to Catholicism Arguing from a post colonial perspective author Damien Costello deconstructs modern Western assumptions and shows that Black Elk was an active agent and that his conversion was in continuity with the dynamics of Lakota culture and provided new power to challenge the dominance of colonialism As a consequence Black Elk the Lakota holy man and Black Elk the Lakota catechist remembered by his community were not contradictory but one consistent agent fighting for the survival of his people in a colonial world infringing on the Lakota their lands and their traditions
