The Marcus Garvey and Universal Negro Improvement Association Papers, Vol. IV Marcus Garvey, 2023-09-01 The fourth volume of the Marcus Garvey and Universal Negro Improvement Association Papers marks the period of deepening crisis in the UNIA's political and economic fortunes After September of 1921 membership declined and morale in the UNIA began to weaken Underlying it all however was the final failure of the Black Star Line that resulted when negotiations with the United States Chipping Board for the purchase of the long proposed African ship collapsed in March 1922 The movement also suffered a major setback when the first Liberian colonization plan aborted in the summer of 1921 On the political front Garvey's African program had to compete with W E B Du Bois's Second Pan African Congress There were also major shifts in Garvey's political strategy during this period his speeches reflecting a desire to placate the U S government while simultaneously assailing his left wing critics for promoting social equality This disavowal of radicalism earned him further enemies on the left One of his chief black critics Cyril V Briggs the leader of the African Blood Brotherhood unwittingly supplied federal investigators with evidence that led to Garvey's indictment on charges of mail fraud in February 1922 By prosecuting him however the Department of Justice did not discredit Garvey in the eyes of his followers rather it temporarily strengthened his hold over the movement as the appearance of persecution intensified the loyalty of the UNIA membership But later in 1922 Garvey did lose favor among many of his followers when it was disclosed that he had met secretly in Atlanta with the Acting Imperial Wizard of the Ku Klux Klan What Garvey had thought was a diplomatic triumph proved instead to be anathema to most blacks At the Third UNIA Convention in 1922 Garvey repudiated the entire executive council of the UNIA while expressing his anger of plots against him from within the UNIA leadership Loyalty to Garvey thus became a more urgent issue than ever before But although Garvey was once again able to silence his critics within the UNIA the price was to be a badly fractured and demoralized movement At the same time his political adversaries outside the UNIA were steadily gaining ground against him As meticulously documented as the three previous volumes Volume IV provides the first extended record of Garvey's emergent social philosophy particularly as it relates to his conception of racial purity and the metaphysics of the human condition It stands as an impressive record of the Garvey movement The fourth volume of the Marcus Garvey and Universal Negro Improvement Association Papers marks the period of deepening crisis in the UNIA's political and economic fortunes After September of 1921 membership declined and morale in the UNIA began to weak

Rastafarians Girma Yohannes Iyassu Menelik, 2009 Document from the year 2009 in the subject History America University of Bremen language English abstract The emergence and expansion of Rastafarianism has been a subject for some scholarly study in the Caribbean The movement has flourished in due process as an outlet to a huge social and psychological confusions and decades long conflicts inside the movement and society of the islands To many sociologists it is the inevitable consequence of Africans in Diaspora

people seeking to define their own identity and psychological needs It is a movement created not by a revolution but out of confusions and in search of their roots with a Black God on the top Rastafarianism presents a mixture of politics and theology that has emerged out of its formative years as they call it in the Babylon In creating their own religion the Rastafarians depend not only on the historical social or empirical experience of African descendants in the Diaspora but also for their own analysis to determine an active plan for liberation Regardless of other social norms they draw on the transcendental sources of human sensibility theocracy and imagination For as persons who see themselves to be persecuted wronged and deprived to be all but trapped in a situation of persistent material poverty including cultural degradation the only way they see to get out of this situation Babylon is through an apocalypse From the early Christian history we know that small groups who have worshipped false gods or established their own Temples never succeeded and their religions have corroded including their followers However it seems different with the Rastafarians because their movement is growing stronger speeding in almost all the continents This book is in part a revised version of both books Babylon Muss Fallen Germany 1989 and The Rastafarians In search of Their Identity Puerto Rico 1985 and in part a contribution of Rastafarian elders women activists and musicians
