**Earnest** Andrew C. Koehl, David Basinger, 2017-08-29 B T Roberts was born in a small farming community in western New York on July 25 1823 By the time of his death in 1893 he had made a profound impact on church and society Roberts s writing preaching and ministry focused on true conversion the disciplines of the Christian life and holiness Rejecting prosperity theology he argued for simplicity generosity and mission A prophet of dissent he vigorously promoted abolition prohibition economic justice and the equality of women Along the way he founded Free Methodism and an educational institution that is thriving 150 years later Roberts exhibited rare and impeccably balanced traits He displayed the courage and boldness to dissent as well as the political savvy and communication skills to bring people together He was a visionary who displayed patience tact and pragmatism His idealism did not obliterate his attention to details and crucial distinctions He made people feel loved respected and challenged he was authentic In his dealings in church and world we see creativity and flexibility grounded in

integrity Earnest settles in to the particularities of this life well lived showing the human spirit divine power and practicalities of progress Contributors include David Basinger Doug Cullum Elvera Berry Jack Connell Matthew Moore Timothy Vandebroke Susanne Mohnkern Richard Middleton Jeffrey McPherson Andrew Koehl Lori Sousa Rod Bassett The Beethoven Sonatas and the Creative Experience Kenneth Drake, 1994-04-22 one of the most interesting useful and even exciting books on the process of musical creation American Music Teacher noteworthy contribution with plenty of insight into interpretation remarkable as an insider s account of the works in an individual perspective European Music Teacher Drake groups the Beethoven piano sonatas according to their musical qualities rather than their chronology He explores the interpretive implications of rhythm dynamics slurs harmonic effects and melodic development and identifies specific measures where Beethoven skillfully employs these compositional devices *In Spirit and in Truth* Jay Thomas Walls, 2012-10-05 What has the church done to worship The modern day worship movement has succeeded in appealing to the masses and has set the standard of defining the worship experience in the church but at what cost In Spirit and In Truth confronts today s church mindset and beckons our hearts to return to the life of genuine worship The church s drive to become more culturally relevant has not been without serious repercussions Somewhere along the way worship has become about the worshiper rather than the One who is to be worshiped The prevailing attitude of serving self has usurped God s intention for His people to worship the Father in spirit and in truth The fullness of the Christian life can only be experienced when through the life of worship the Lord is given supreme reign over our lives In examining biblical insights as well as gleaning from years of worship ministry experience Jay offers a fresh perspective that challenges the heart to respond to the Father s call to worship in spirit and in truth and to discover the possibility of intimately knowing God as He desires to be known

**Experiencing Fiction** James Phelan, 2007 In *Experiencing Fiction* James Phelan develops a provocative and engaging affirmative answer to the question Can we experience narrative fiction in similar ways Phelan grounds that answer in two elements of narrative located at the intersection between authorial design and reader response judgments and progressions Phelan contends that focusing on the three main kinds of judgment interpretive ethical and aesthetic and on the principles underlying a narrative s movement from beginning to end reveals the experience of reading fiction to be potentially sharable In Part One Phelan skillfully analyzes progressions and judgments in narratives with a high degree of narrativity Jane Austen s *Persuasion* Toni Morrison s *Beloved* Edith Wharton s *Roman Fever* and Ian McEwan s *Atonement* In Part Two Phelan turns his attention to the different relationships between judgments and progressions in hybrid forms in the lyric narratives of Ernest Hemingway s *A Clean Well Lighted Place* Sandra Cisneros s *Woman Hollering Creek* and Robert Frost s *Home Burial* and in the portrait narratives of Alice Munro s *Prue* and Ann Beattie s *Janus* More generally Phelan moves back and forth between the exploration of theoretical principles and the detailed work of interpretation As a result *Experiencing Fiction* combines Phelan s fresh and compelling readings of numerous innovative narratives with his fullest articulation of the

rhetorical theory of narrative      Like Riding a Bike Jim Edwards, 2005-07-22 It all begins with balance This is a simple truth about both cycling and life There are many similarities between learning to ride a bike and living a happy and fulfilling life Like Riding a Bike A Cycle Logical Exploration of Life illuminates these similarities and provides insight into their potentials This book is not one of great victories or epic tours but of the experiences thoughts and reflections that are a part of both the world of cycling and the journey of life Like Riding a Bike is an inspirational guide for personal understanding and development It uses cycling experiences as a point of departure for life lessons But the book is not just for active cyclists it is accessible by anyone who travels through life with more than a passing interest The lessons and themes are based in practical reality and extend far beyond cycling Like Riding a Bike takes an innovative approach that differentiates it from other sports and personal growth books First it invites readers to actively participate in the learning process Readers are encouraged to try the cycling experiences upon which the life lessons are based not just to apply the lessons that are derived How many other books enable readers to prove a point to themselves rather than just take the author's word for it The clearer the connection to the metaphor the greater the value of the lesson Another innovation of Like Riding a Bike is how cycling experiences are used Most personal coaching or growth books start with someone's ideas about the way things should be The author then collects or creates stories that support those ideas In contrast the cycling elements of Like Riding a Bike are actual experiences that do not merely reflect key points they generate the issues and lead to the lessons The validity of each idea is derived from reality not idealization Virtually all books deal with growth as a linear process But is life actually linear A third innovation of Like Riding a Bike is that it recognizes the cyclical nature of learning and development While each chapter presents different topics and lessons there is an underlying logical structure and repetition of themes that cyclically builds to the conclusion The presentation of Like Riding a Bike is a personal dialogue between the author and the reader This is done to draw the reader into the ideas discussions and lessons and to promote personal insight Again the manuscript encourages reader involvement Life is a personal exploration What makes this concept easier to learn and apply than a book that actually starts the process for the reader Each chapter concludes with five questions for personal reflection Like Riding a Bike is unique in many aspects but most importantly it gives practical advice on techniques the reader can apply to develop and pursue his or her own vision for life It presents life lessons from a fresh perspective and provides a process for personal development It suggests answers yet also encourages questions Like Riding a Bike begins by setting a foundation with the key elements of balance motion and vision The book then addresses the basic skills required to find balance and establish a context for growth The reader is led through a process for personal development that includes building on existing skills working variety into life stepping back when necessary and reaching out to others for help when needed The second half of the book further develops the themes from the first half beginning with a section dedicated to meeting challenges Chapters in this section address anticipating obstacles facing challenges understanding the price of
