

What is Grassroots Success ? -2

- 'Success' in grassroots soccer is very relative to the ability and ambition of the individual player. For some it is to move to a higher level to progress and further develop their game. For others it is continued enjoyment from playing with their friends on a more limited basis
- Success should be considered as giving everyone the opportunities to play and to take part in social activities built upon the foundation of team spirit.
- **Grassroots success is about pinpointing the needs and investing time and effort in catering to those needs in a way that will allow as many people as possible to continue in the game for as long as they want.**
