A note from the publisher

In order to provide our students with high quality resources for their science and science qualifications, we have brought a team of science teachers working together to develop a revision guide for the specification of Edexcel GCSE Combined Science Higher tier. This book is designed to support the specification and to provide a revision resource for students preparing for their examinations.

Our authors have all worked as teachers or subject specialists in schools and colleges and have a wealth of experience in preparing resources for the specification. We have also worked as examiners and are pleased to support the teaching and learning of science in schools.

We are pleased to have made every attempt to ensure that you are up to date with the specification and its progress.
