## End Of Masculinity:

**Lucretius and the End of Masculinity** Michael Pope, 2023-05-25 From beginning to end the *De rerum natura* upsets expectations This book's premise is that Lucretius intentionally provokes his imagined male audience playfully and forcefully proving to them that they are not the men they suppose themselves to be From astral bodies to the magnetic draw of human sexuality to the social bonds linking parents to children Lucretius shows that everything is compounded material both a source of atomic issue and receptacle of atomic ingress The universe as Lucretius presents it is a never ending cycle of material interpenetration connectivity and dissolution Roman men in the vastness of it all are only exceptional in their self defeating fantasies Close analysis of Lucretius poetics reveals an unremitting assault upon the fictions that comprise Roman masculinity from seminal conception in utero to existential decomposition in the grave Nevertheless Lucretius offers an Epicurean vision of masculinity that just might save the Republic

**End Of Masculinity** MacInnes, John, 1998-02-01 This book explains why both popular and academic commentators have found it impossible to define masculinity It is because no such thing exists Re examining the ideas of thinkers such as Sigmund Freud and Thomas Hobbes the author shows that modern societies faced the novel problem of explaining how men and women had equal rights yet led such different lives and solved it by inventing the concept of masculinity

mechanisms of identity formation at the edges of society In all of the cases the authors demonstrate the need for theory that initiates social change by considering the ethical implications of marginalization and criticizing its harmful effects Bringing together accounts of marginalization from many different disciplines and perspectives this collection addresses a broad audience in the humanities and social sciences It offers a basis for enhancing our understanding of this process and for working toward meaningful social change
