Enchanted Cara Beatrice,2021-01-06 Enchanted a collection of love poems This one is for the romantic Enchanted is a collection of love poems which includes selected poems from my previous poetry book Entwined alongside 12 new poems This book is meant for the romantic it will make a beautiful gift for the one you love or for yourself the romantic at heart With original artwork from the author poet artist Cara Beatrice on the cover in a beautiful soft matte This is a must have gift this valentines day Auden's Apologies for Poetry Lucy McDiarmid,2014-07-14 Common wisdom has it that when Auden left England for New York in January 1939 he had already written his best poems He left behind most critics believe all the idealisms of the 1930s and all serious concerns to become an unserious poet a writer of ingenious agreeable minor lyrics Lucy McDiarmid argues that such readers spoiled by the simple intensities of apocalypse distort and misjudge Auden s greatest work She shows that once Auden was freed from the obligation to criticize and reform the society of his native country he devoted his imaginative energies to commentary on art And about art he was never complaisant with greater

passion than he had ever used to undermine bourgeois society Auden undermined literature Every major poem and every essay became a retraction a statement of art's frivolity vanity and guilt Auden's *Apologies for Poetry* then sets forth the unorthodox notion that the chief subject of later New Yorker Auden is the insignificance of poetry Commenting on all the major poems and essays from the 1930s through the 1960s and analyzing manuscript revisions and unpublished works it charts the changes in Auden's poetics in the light of his shift from an oral to a written model of poetry In his earliest work Auden voices the tentative hope that poems can be like loving spoken words transforming and redeeming themselves carriers of value After 1939 he takes for granted a written model His later essays and poems deny art's spiritual value claiming that love or truth in any serious sense is a reticence the unarticulated worth that exists if at all outside the words on the page Later Auden creates a poetics of apology and self-deprecation a radical undermining of poetry itself Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
