

TUTORIAL BÁSICO ENCORE DVD

by MannoVilas

O tutorial é baseado na versão 1.0. A versão 1.5 tem algumas diferenças mas não haverá dificuldades para quem aprendeu com versão anterior.

Algumas observações antes de começar:

No controle remoto de um DVD Player entre os demais botões tem o TITLE e o MENU. No projeto de autoração de DVD o botão TITLE deve ser linkado para pular pro menu principal a qualquer momento que seja pressionado, já o botão MENU deve ser linkado para voltar ao menu anterior ao que estivermos assistindo ao ser pressionado. Esses dois botões devem ser levados em conta quando tivermos estabelecendo os links para que tudo fique certinho.

O Encore tem muita imagem de fundo para os menus, (presets) mas se quiser usar uma particular deve primeiro redimensionar para 720 x 534 no Photoshop ou qualquer outro programa semelhante antes de importar para ficar no tamanho certo.

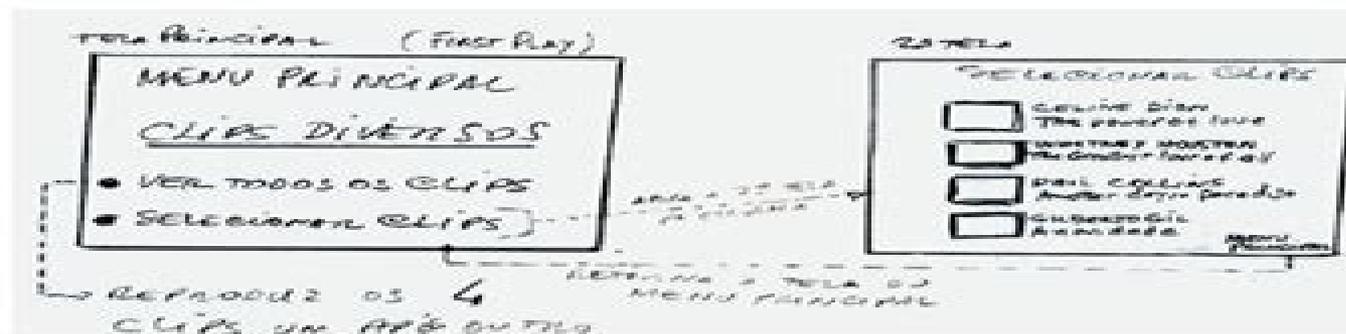

Nesse tutorial básico não ensinarei colocação de legendas, menus com imagens em movimento nem criação de áudio em 5 canais (5.1) não por enquanto.

São chamados de ASSETS tudo que vc importa para o Encore na hora que está executando o projeto de autoração de um DVD. Áudio, vídeo, imagem para fundo, áudio para fundo, clip para abertura e etc... tudo isso é asset (conteúdo)

Nesse tutorial criaremos um DVD simples, com apenas duas telas, uma de abertura o Menu Principal e a outra para escolha dos clips individuais. O DVD terá 4 videoclips musicais e poderão ser vistos sequencialmente ou escolhidos individualmente. Terá trilha sonora na tela inicial. A imagem de fundo da tela de Menu Principal será do próprio encore, mas da 2a. tela usarei uma de meus arquivos, enfim diversificarei um pouco prá não ficar muito básico esse tutorial.

Alguém que deseje seguir esse exercício, seria ideal providenciar 4 videoclips pequenos, 1 clip de áudio prá usar como fundo musical na tela do Menu Principal e uma imagem 720x534 para fundo da tela 2, assim o conteúdo ficaria mais ou menos semelhante ao que usarei aqui..

Acho uma boa idéia fazer antes um rascunho do que se deseja produzir , isso ajuda a organizar as coisas.

OBS: embora o Encore esteja no idioma inglês, traduzirei apenas palavras ou expressões que julgo ser menos conhecida, imagino que a maioria que mexe com informática já tem um conhecimento dos termos mais comuns
E vamos lá.

Abra o ENCORE DVD. Clique em File> New Project. Aparecerá um janela para escolher NTSC ou PAL (não é o Pal-M brasileiro e sim o europeu). Escolha NTSC e se não quiser ser incomodado mais marque a opção : Don't Prompt for setting, always use default. Clique em OK. A janela Project será aberta no lado esquerdo da tela com 4 guias, sendo: Project, Menus, Timeline (linha do tempo, local onde são montados os clips num programa de edição de vídeo) e Disc. No lado direito se já não estiver aberta, clique em Windows>Reset Palette Locations (Abre a janela das paletas na posição padrão) para abrir as janelas Properties (propriedades) e outra com três guias Library, Layers e Character. A fim de economizar mais espaço na tela, na janela Properties, clique na
