*The Structure of Heaven (Third Edition)* Martin Spiller, 2021-08-08 This is an encyclopedia of the Paranormal There is virtually nothing about the world of Spirit and paranormal phenomena that is not covered here Are psychic facilities like clairvoyance and telepathy real How about psychic healing and predicting the future What s the difference between poltergeists ghosts and spiritual imprints Are there really demons or angels Do spirits affect living humans Are exorcisms for real What are thought forms Are evil people possessed What about reincarnation From clairvoyance to psychokinesis from the definition of the human soul through earthbound spirits from the levels of the heavens to the darkest hells from the human aura to spiritual infections all this and much more The spiritual world of God angels and demons is intimately involved with the world of the paranormal The vast majority of people don t believe in either There are a number of reasons for this but probably the most important reason is that everything you hear and read about either world is contradicted by something or someone else There are always the atheists and skeptics who constantly fabricate excuses to contradict the mass of evidence for paranormal phenomena and spiritual insight There are books and TV shows about ghosts hauntings and even

demons that could give superman nightmares But then there are the TV shows with bereavement mediums like John Edward and James Van Praagh who paint an unfailingly cheerful and rosy picture of the afterlife Finally there are thousands books each offering contradictory opinions about the nature of Spirit ranging from Satanism to the Bible So which is it The horrors of a ghostly existence Or do you get to spend eternity in the lap of luxury no matter who you are or what you did in life It was this dichotomy and the fact that no one has ever tried to bridge this historical gap in the written literature of the world of Spirit that I began my quest to formulate a workable Structure of Heaven It is based on historical and modern spiritual literature but excludes biblical scripture for reasons I will explain I m not a psychic I m just someone who has been studying the subject for over 40 years and I d like to offer you a more rational and coherent explanation of how the paranormal and the world of Spirit relate as well as a clearly defined structure of the afterlife I m here to tell you that no one lives forever but no one ever really dies
