Sexuality and Spirituality, Pursuing Integration William F. Kraft,2005-04-21 This book is a response to such questions as What is sexuality Spirituality How are they interrelated What is healthy sex and how can we achieve it Are there different kinds of sexuality What are female male similarities and differences What is the sense and nonsense of marital and nonmarital sex heterosexuality homosexuality masturbation sexual addictions and abstinence My goal is to construct a model of sexuality and spirituality that engenders more health and satisfaction My method is phenomenological Theological truths are not explicitly included I am a psychologist not a theologian Nevertheless theologians and religious leaders across a broad spectrum have assured me that my vision is not incongruent with theirs and that it can serve as an infrastructure for their studies My hope is that what follows will help married single and vowed celibate people to cope with grow from and enjoy their sexuality from the Preface

The Marriage Builder Larry Crabb,2009-08-08 Psychologist Larry Crabb cuts to the heart of the biblical view of marriage the one flesh relationship He argues convincingly that the deepest needs of human personality security and significance ultimately cannot be satisfied by a marriage partner We need to turn to the Lord rather than our spouse to satisfy our needs This frees both partners for soul oneness a commitment to minister to our spouse s needs rather than manipulating them to meet our own needs With soul oneness comes renewed body oneness where couples

enjoy sexual pleasure as an expression and outgrowth of a personal relationship The Marriage Builder also identifies three building blocks essential to constructing marriage the grace of God true marriage commitment and acceptance of one's mate Now for the first time discussion questions have been added to aid couples who want to come to deeper understanding of marriage Helpful to counselors and laypersons alike The Marriage Builder is for anyone who longs to transform marriage from trial to triumph

The Meaning of Gay Todd J. Ormsbee,2012-07-10 Homosexual men in San Francisco had started the 1960s interacting mostly in private informal groups meeting in bars and house parties But by 1972 the city had a gay community and gay pride all celebrated with a parade Through numerous organizations and publications gay men created a counter publicity to fight against their domination and subordination and had begun to try to build a community that would foster deeper more meaningful relationships with each other The emergent counter publicity and community in turn created the social spaces necessary for gay men to create an expanding range of possible meanings for their gayness meanings that aligned more closely with their experiences and which better helped them meet their needs and desires The gayness they created could expand and contract depending on the needs and circumstances of the individual or group Rather than the typical story of the evolution from conservative to radical social movement The Meaning of Gay sees the development of gay politics as the shift from the need to establish a public facing gayness in the early 1960s to the community building efforts that began in the mid 1960s through the efforts to create a gayness based in authenticity brotherhood and revolution in the early 1970s Each of these developments flowed from gay men's responses to the swiftly changing San Francisco and American environment The dramatic explosion of possibilities for gayness that emerged during the 1960s may serve as a touchstone for those concerned with the problems of gay male life in the twenty first century This book traces these developments as they were recorded in the gay periodicals of the era and analyzes them from the perspective of John Dewey's
