Empowerment Process:

The Empowerment Process Janet Swartz,2014-06-06 The Empowerment Process is a process of energetic transformation a non invasive process that supports your growth and well being Empowerment Process sessions can assist you in your journey by unfolding greater insight creativity and confidence to achieve your highest goals Whatever aspect of life you feel ready to change whatever the Universe is wanting for you presents an opportunity for your growth Transformation means that you take a leap from where you are now to a new place that you would like to be In a sense you are creating a new reality This growth is experienced as a new energy a more balanced way of functioning that supports your highest evolution The Empowerment Process helps you feel more prepared to take a leap of faith in your journey You might be ready to improve your health with a more nutritional diet traditional and alternative medical advice or other support necessary for your healing You might want to change your mental attitude so that you energy is more positive Or you might want more spiritual support so you feel more closely connected to your Divine source All levels of self discovery and self healing lead to self empowerment through your transformations As you increase your energetic power that is reflected in your thoughts and behavior and uplifts the collective energy in your immediate environment and beyond As you transform from the inside you will have a very powerful influence on the outside Feeling more love in your heart creates a warm feeling in your environment which will respond in kind That healing energy radiates out into the universe The Empowerment Process is a tool to help you move forward make your transformations while you remain centered and grounded By being aware of what you need in alignment with what Nature has in store for you accepting the present situation and being willing to allow the changes to take place within you can fulfill your intentions through your transformations You will draw opportunities to your awareness on all levels of your life physical mental emotional and spiritual for transformation and healing Transformations through the Empowerment Process create permanent heightened energy shifts that support your evolution

Social Quality Theory Ka Lin,Peter Herrmann,2015-07-01 Social quality thinking emerged from a critique of one sided policies by breaking through the limitations previously set by purely economic paradigms By tracing its expansion and presenting different aspects of social quality theory this volume provides an overview of a more nuanced approach which assesses societal progress and introduces proposals that are relevant for policy making Crucially important components emerge with research by scholars from Asia particularly China eastern Europe and other regions beyond western Europe the theory s place of origin As this volume shows this rich diversity of approaches and their cross national comparisons reveal the increasingly important role of social quality theory for informing political debates on development and sustainability
