*Bloodline* Larry Warkentin,2012-06 *Bloodline* spans a thousand years of murder sex suicide and insanity balanced by faith family loyalty pacifism and pilgrimage It follows a family from the Middle Ages in Holland to the Twentieth Century in Oklahoma The family chooses a unique faith Anabaptist Mennonite and for that reason they are hounded across Europe by the political and religious establishment The historical details have been carefully researched however most of the characters are fictionalized Each character is a storyteller speaking in the first person Dialogue is written without quotation marks and identification of the persons speaking must be determined from the words spoken *Elizabethia* Denis Durham,2022-04-06

*Elizabethia* The War Against Musical Tyranny and the Search for Lost Music Trees By Denis Durham *Elizabethia* is a musical kingdom where seven varieties of trees known as Harmonic Timbers grow Each of the seven types of trees emits their own unique frequencies making seven notes on which all of their music is based With the discovery of an ancient scroll Evanis a renowned archeologist learns that there may be other Harmonic Timbers that produce other frequencies not known to the citizens of Elizabethia Evanis enlists the help of his sister Ellithia and his good friend Dionysius and together they are known as the Trio Following the information learned from the ancient scroll the Trio search for the lost music trees in a land known as Cymatigonia The knowledge gained will shake up the music world but the fight against musical tyranny will not be easy It puts them on a collision course with the Elizabethian authorities who resist them at every turn With courage to pursue the truth the Trio must contend with long held musical prejudices They seek to show that there is far more to music than what anyone had realized The Trio knows the truth but convincing the citizens of Elizabethia and the authorities will not be easy They embark on a journey that will change the history of music forever *The Natural History of Oviparous Quadrupeds, and Serpents* Georges Louis Leclerc comte de Buffon,1802 **Sculpture and the Garden** Patrick Eyres,2017-07-05

Although the integration of sculpture in gardens is part of a long tradition dating back at least to antiquity the sculptures themselves are often overlooked both in the history of art and in the history of the garden This collection of essays considers the changing relationship between sculpture and gardens over the last three centuries focusing on four British archetypes the Georgian landscape garden the Victorian urban park the outdoor spaces of twentieth century modernism and the late twentieth century sculpture park Through a series of case studies exploring the contemporaneous audiences of gardens the book uncovers the social political and gendered messages revealed by sculpture s placement and suggests that the garden can itself be read as a sculptural landscape **The Natural History of Oviparous Quadrupeds and Serpents. ...**
