Financial Service Organizations:

Culture, Leadership, and Organizations Robert J. House, Paul J. Hanges, Mansour Javidan, Peter W. Dorfman, Vipin Gupta, 2004-04-29 Culture Leadership and Organizations reports the results of a ten year research program the Global Leadership and Organizational Behavior Effectiveness GLOBE research program GLOBE is a long term program designed to conceptualize operationalize test and validate a cross level integrated theory of the relationship between culture and societal organizational and leadership effectiveness A team of 160 scholars worked together since 1994 to study societal culture organizational culture and attributes of effective leadership in 62 cultures Culture Leadership and Organizations The GLOBE Study of 62 Societies reports the findings of the first two phases of GLOBE The book is primarily based on the results of the survey of over 17 000 middle managers in three industries banking food processing and telecommunications as well as archival measures of country economic prosperity and the physical and psychological well being of the cultures studied GLOBE has several distinguishing features First it is truly a cross cultural research program The constructs were defined conceptualized and operationalized by the multicultural team of researchers Second the industries were selected through a polling of the country investigators and the instruments were designed with the full participation of the researchers representing the different cultures Finally the data in each country were collected by investigators who were either natives of the cultures studied or had extensive knowledge and experience in that culture A unique feature of this book is that while it is an edited book and many experts have written the different chapters unlike other edited books it is a fully integrated seamless and cohesive book covering the many aspects of the theory underpinning the GLOBE
