response to the cataclysmic events of COVID and the murder of George Floyd The magazine's poetic influence resides not just in this historical and cultural relevance but in sheer human connection exemplified by the passing verses that became what Young calls refrigerator poems the ones you tear out and affix to the fridge to read again and again over months and years Our love for that singular Billy Collins or Ada Limón poem or lines by a new writer you've never heard of but will hear much more from in the future is what has made The New Yorker a great organ for poetry a mouthpiece for our changing culture and way of life even a mirror of our collective soul

Emily Dickinson Elizabeth Phillips, 1988-01-01 Giving us a new sense of Dickinson it considers instead evidence of the poet Dickinson bore a heavy share of domestic duties and familial responsibilities throughout most of her life The crisis she experienced during the early 1860s in a cluster of responses to the Civil War coincided with the onset of her difficulties with her eyes Suffering from exotropia and photophobia she never fully recovered and gradually withdrew into the less severe light of the house in Amherst She continued to care for those close to her and to write both letters and verse From the perspective of Dickinson's maturity and resilience we also see her gift for depicting and dramatizing episodes in a manner that gives the illusion of their being autobiographical whether they are or not Dickinson was however an actress who changed roles and points of view as readily as she experimented with poetic genres Analyses of her various personae or supposed persons for dramatic monologues in the Browning tradition which enabled the poet to represent a range of experiences different from her own serve to dispel much of the confusion that has surrounded her in the last century Rather than searching for an illusive absent center Phillips scrutinizes in a most revealing way the poet's reading appropriation and command of materials from the Brontës George Eliot Hawthorne the Brownings Shakespeare and the Southey for personae that introduce us to a Dickinson heretofore hardly glimpsed A central vision of the study is the poet as a biographer of souls
