The Effects of Today's Technology on Eyewitness Testimony Samantha Jo Bullard,2013 A study of four high school classes to determine how personal hand held technology affects eyewitness testimony of a crime **Technology** Roger

Bridgman,2000-06-21 Packed with superb color illustrations and fascinating facts this highly informative guide explores all aspects of technology from ancient artifacts to the latest advances in computer aided design Clearly annotated photographs and diagrams give an invaluable insight into the tools machines and systems that have shaped the modern world See how the strength of different materials is measured the structure of a suspension bridge how keyhole surgery works what astronauts eat in space and how milk bottles have changed shape Learn which materials pull and which ones push how engines convert heat into work how an airplane flies how instant coffee is created and how a ring pull is made Discover why glass is a liquid the difference between inventors and designers what a CD is made from and how a CD player works how science can help protect threatened plant species and much much more *Journalism and Eyewitness Images* Mette Mortensen,2014-12-17

Building on the vast research conducted on war and media since the 1970s scholars are now studying the digital transformation of the production of news Little scholarly attention has been paid however to non professional eyewitness visuals even though this genre holds a still greater bearing on the way conflicts are fought communicated and covered by the news media This volume examines the power of new technologies for creating and disseminating images in relation to conflicts Mortensen presents a theoretical framework and uses case studies to investigate the impact of non professional images with regard to essential issues in today s media landscape including new media technologies and democratic change the political mobilization and censorship of images the ethics of spectatorship and the shifting role of the mainstream news media in the digital age *Legal Tech and the Future of Civil Justice* David Freeman Engstrom,2023-02-09 Provides a

comprehensive first of its kind analysis of the impact of new digital technologies on the future of the civil justice system

Vigilantes Beyond Borders Mette Eilstrup-Sangiovanni,J. C. Sharman,2022-04-05 How and why NGOs are increasingly taking independent and direct action in global law enforcement from human rights to the environment Nongovernmental organizations NGOs have generally served as advocates and service providers leaving enforcement to states Now NGOs are increasingly acting as private police prosecutors and intelligence agencies in enforcing international law NGOs today can be found investigating and gathering evidence suing and prosecuting governments companies and individuals and even catching lawbreakers red handed Examining this trend *Vigilantes beyond Borders* considers why some transnational groups have opted to become enforcers of international law regarding such issues as human rights the environment and corruption while others have not Three factors explain the rise of vigilante enforcement demand supply and competition Governments commit to more international laws but do a poor job of policing them leaving a gap and creating demand Legal and technological changes make it easier for nonstate actors to supply enforcement as in the instances of NGOs that have standing to use

domestic and international courts or smaller NGOs that employ satellite imagery big data analysis and forensic computing As the growing number of NGOs vie for limited funding and media attention smaller more marginal groups often adopt radical strategies like enforcement Looking at the workings of major organizations including Amnesty International Greenpeace and Transparency International as well as smaller players such as Global Witness the Sea Shepherd Conservation Society and Bellingcat Vigilantes beyond Borders explores the causes and consequences of a novel provocative approach to global governance
