## Face Reading:

**The Power of Face Reading** Mac Fulfer, JD, 2019-06-15 Make stronger connections with anyone in the world by learning how to read faces. The Power of Face Reading is the most comprehensive easy to use book on face reading available today. Author Mac Fulfer makes face reading fun and easy for you to understand more about the people you encounter no matter who you meet or where you are in the world. Face reading is our foundational international language and none of our seeming differences matter whether nationality, gender, race, or culture because every person's face can be read in the exact same way. For instance, the lines on our faces don't reflect aging. They're actually a roadmap showing where we have been and what we've done. So this book is not about interpreting facial expressions; it's about learning to read the stories that a person's face can tell. Using a unique approach that combines both genetics (the face you are born with) and epigenetics (the way life events alter facial features over time), this book helps you understand others better. Discover how learning to interpret simple and easily recognized features such as ear size and eyebrow shape can allow you to make a better connection with anyone anywhere. Superbly illustrated and organized like an encyclopedia, *The Power of Face Reading* guides you through all you need to know about reading faces from top to bottom: detail to gestalt, gesture to metaphoric meaning. The approach shared in this book is so easy to learn that you can put this how-to guide to use and begin reading faces within minutes of opening it up. Everyday applications for face reading include: Improving both work and personal relationships, Interviewing and hiring the right people, Team building, Negotiating better, Coaching, counseling, Finding the right job, Increasing sales by identifying buy signals, Identifying better business partners, Reading your audience when presenting. *The Power of Face Reading* includes 275 illustrations, Clear explanations of what each facial feature means, Personality profiles to provide insight into every person you meet, Sample readings to learn Mac's step-by-step face reading approach, A useful checklist to help you read faces immediately, A fun face reading quiz to test yourself.
