## **Extreme Measures:**

**Severance** Jamyang Gonpo, 2025-07-22 An ancient Buddhist guide to confronting difficult circumstances and letting go of clinging to the ego Severance or Cho is the Tibetan Buddhist practice of facing one's fears In three remarkable texts lucidly translated and introduced by Sarah Harding the thirteenth century Severance master Jamyang Gonpo shares advice that goes straight to the heart of both understanding and experiencing the practice For hundreds of years Severance has remained essentially an instruction on coping with stressful situations that provoke fear and beyond that a way to actively seek out such circumstances in order to test one's realization of perfect wisdom The single overall directive of the first two texts in this volume the Heart Essence of Profound Meaning root verses and their commentary The Big General Guide to Severance is to seek out and directly confront difficult circumstances Here these difficulties are often anxieties related to spirits in the dark of night in haunted places This practice acts as a means to recognize emptiness the lack of intrinsic existence of all phenomena as well as a testing ground of one's former realizations and studies of that emptiness from the Perfection of Wisdom The texts are notable for their lack of instruction on ritualized Severance involving body sacrifice which later works emphasize in these texts the heart of Severance is letting go of clinging to the self and reification of existence And as Jamyang Gonpo was just a generation removed from Machik Labdrön the main progenitor of Severance his methods seem to be closest to her actual teachings The third translation in this volume The Seven Day Severance Retreat Experiential Guide is a very concise and precise instruction on putting the main intentions of the teachings into practice in the setting of a one week retreat The instructions are striking in that they contain no rituals visualizations deities instruments or liturgies Jamyang Gonpo shows us how to turn our attention to the very mind of this person who is experiencing fear and the object of that fear whether fear about demons or sickness or suffering to see them for what they are In doing so we find that joys and sorrows highs and lows powers of gods and demons and demonic obstacles are all mind made **New York Magazine**, 1996-10-07 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *The Medicalization of Birth and Death* Lauren K. Hall, 2019-12-17 Improving how individuals give birth and die in the United States requires reforming the regulatory reimbursement and legal structures that centralize care in hospitals and prevent the growth of community based alternatives In 1900 most Americans gave birth and died at home with minimal medical intervention By contrast most Americans today begin and end their lives in hospitals The medicalization we now see is due in large part to federal and state policies that draw patients away from community based providers such as birth centers and hospice care and toward the most intensive and costliest kinds of care But the evidence suggests that birthing and dying

people receive too much even harmful medical intervention In *The Medicalization of Birth and Death* political scientist Lauren K Hall describes how and why birth and death became medicalized events While hospitalization provides certain benefits she acknowledges it also creates harms limiting patient autonomy driving up costs and causing a cascade of interventions many with serious side effects Tracing the regulatory legal and financial policies that centralize care during birth and death Hall argues that medicalization reduces competition stifles innovation and prevents individuals from accessing the most appropriate care during their most vulnerable moments She also examines the profound implications of policy enforced medicalization on informed consent and shows how medicalization challenges the healthcare community's most foundational ethical commitments Drawing on interviews with medical and nonmedical healthcare providers as well as surveys of patients and their families Hall provides a broad overview of the costs benefits and origins of medicalized birth and death *The Medicalization of Birth and Death* is required reading for academics patients providers policymakers and anyone else interested in how policy shapes healthcare options and limits patients and providers during life's most profound moments

**Extreme Measures** Michael Palmer, 1992-02-01 Dr Eric Najarian He's young talented and ambitious He has all the qualities they're looking for at White Memorial Hospital He doesn't know he's being watched Judged An elite clique of medical professionals thinks he has what it takes to join their secret club All the young doctor has to do is agree to play by their rules But Eric has already seen too much A missing corpse An unspeakable mutilation A brutal abduction It's only the beginning of a plot of terrifying evil A sinister plan the group will stop at nothing to hide And if Eric refuses to become their colleague he will be their next victim

[New York Magazine](#), 1996-10-14 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea

[Universe Or Multiverse?](#) Bernard Carr, 2007-06-21 Physicists argue from different perspectives for and against the idea of the existence of multiple universes

[Feast of Excess](#) George Cotkin, 2016 *Feast of Excess* is an engaging and accessible portrait of *The New Sensibility* as it was named by Susan Sontag in 1965 *The New Sensibility* sought to push culture in extreme directions either towards stark minimalism or gaudy maximalism Through vignette profiles of prominent figures John Cage Patricia Highsmith Allen Ginsberg Andy Warhol Anne Sexton John Coltrane Bob Dylan Erica Jong and Thomas Pynchon to name a few George Cotkin presents their bold headline grabbing performances and places them within the historical moment
