Among the topics covered Discursive approaches to violence against women The American gun control debate a discursive analysis Constructing peace and violence in the Palestinian Israeli conflict Discursive psychological research on refugees Citizenship social injustice and the quest for a critical social psychology of peace The emotional and political power of images of suffering discursive psychology and the study of visual rhetoric Discourse Peace and Conflict offers expansive ideas to scholars and practitioners in peace psychology as well as those in related areas such as social psychology political psychology and community psychology with an interest in issues pertaining to peace and conflict
