**Gun Control** Robert J. Kukla,1973 This is an account of efforts to abolish the private possession of firearms in the United States from the point of view of opponents of gun control legislation Few subjects have sparked as much controversy and emotion in recent years as gun control The author a director of the National Rifle Association asserts that gun control advocates have often used questionable methods to arouse public support for their cause ranging from innocent misinformation to open innuendo and deliberate manipulation of facts He does not attempt to furnish all the arguments on the issue but quotes statements and reports actions by key persons on both sides of the controversy Much of the material is based on the author s own involvement in resisting gun control efforts in his home state of Illinois He also reproduces portions of testimony in congressional hearings reports of congressional committees and coverage of the issue by the press He argues that this material demonstrates an unwarranted effort to deprive citizens of an important right to self defense at a time in our history when individual liberties are threatened by more and more control He also asserts that the facts contained in this material show that existing laws if enforced would provide more than adequate restraint on violence with firearms A further implication is that we need harsher punishment for those who use guns to commit crime rather than the disarming of those who use guns for legitimate recreation and self defense

**Blast Furnace and Steel Plant** ,1929 **American Shooter** Gerry Souter,2012-02-01 Gun ownership has long been a hot button topic in the United States and the National Rifle Association has the reputation of being an organization of primarily politically conservative members American Shooter provides a unique look at gun ownership handgun bans shooting sports and the controversy over how to interpret the Second Amendment from the point of view of a liberal gun owner and enthusiast Gerry Souter examines the history of firearms in the United States from the settlers who carried matchlock muskets ashore at Jamestown to the citizens who purchase guns in record numbers today Recent Supreme Court decisions that uphold the right to bear arms have galvanized citizens on both sides of the debate making the gun issue hotter than ever To provide a personal view Souter weaves in tales of his own experiences with guns including sport shooting as a young man hunting and bonding with his father and facing the smoking end of a muzzle as an international photojournalist American Shooter is both a history and a personal journey that traces the path of American gun ownership culture from the Revolution to today It recounts how the country has lived with guns from the flintlock hung over the fireplace to the concealed carry laser sighted Glock semiautomatic pistol tucked away in the hidden pocket of a mom s purse

**Guns and Self-Defense** Sim Waters,Robert Waters,2019-05-02 Here s a little kept secret liberals independents and conservatives all own firearms Gun ownership is one of the few issues that crosses all sides of the aisle In their book Guns and Self Defense 23 Inspirational True Crime Stories of Survival with Firearms Robert A Waters and Sim Waters describe exciting true stories in which a cross section of Americans used guns to fend off violent

assailants These are stories the mainstream media rarely reports Have you ever heard of Harry and Janet Lodholm This Lakewood Washington couple survived a brutal home invasion by a gang that mistook their house for that of a drug dealer they planned to rob Crashing through the front door the gang pistol whipped Harry and slashed Janet with a knife When the assailants finally realized they had the wrong house they took what they could find and fled leaving the bound and tortured victims stunned bloody and Harry permanently disabled In their haste to leave however the robbers forgot they d left their backpack in the house worse yet the backpack contained all their cellphones The group broke into the house once again this time determined to silence the victims who could identify them and retrieve the evidence that would send them to prison But the robbers didn t realize that the couple had broken free and retreated to their bedroom where Janet was calling 9 1 1 and Harry had grabbed his handgun When the gang kicked down the bedroom door Harry and his 9mm firearm made quick work of the robbers The mainstream media never reported this story because it didn t fit their anti gun agenda Based on police reports interviews with victims court documents media sources and other public records this true crime book recounts the courage and resourcefulness of armed citizens who refused to become easy prey By the way for those who fancy identity politics the would be victims represent a microcosm of America liberals conservatives independents whites blacks other minorities male female able bodied and disabled In Guns and Self Defense you ll get the inside scoop on two cases in which concealed carry permit holders saved the lives of lawmen You ll read about two cases that went viral then since they re still online you can view the events as they occurred in real time You ll read about the nurse who stopped a ring of car jackers her actions putting an end to a bloody summer in Milwaukee And there s more If you ve never heard about these and other such cases that means the national media is not doing its job Broadcast and print media have a duty to report both sides of the gun issue mass shootings and self defense shootings If they don t they portray a skewed version of the reality of gun ownership and use The authors are dedicated to writing a series of similar books in order to publicize the other side of the story In 1998 true crime author Robert A Waters published a well received book entitled The Best Defense True Stories of Americans Who Defended Themselves with a Firearm Guns and Self Defense is similar with nearly two dozen brand new stories of violent encounters stopped only because each would be victim had access to a firearm This book is 45 000 words **Reducing Gun Violence** Scott H.
