**Marching to the Canon** Scott Messing, 2014 *Marching to the Canon* examines the history of Schubert's *Marche militaire no 1* from its beginnings through its many arrangements to its impact on dance literature film and music *Marche militaire* is Franz Schubert's most recognizable and beloved instrumental work Originally published for piano four hands in 1826 this tuneful march Schubert's first of three military marches was arranged adapted and incorporated into new incarnations over the next two centuries Its success was due to its chameleonlike ability to cross the still porous borders between canonic and popular repertoires creating a performance life that made deep inroads into dance literature and film and inspired quotations or allusions in other music *Marching to the Canon* examines the history of Schubert's storied *Marche militaire* from its modest beginnings as a duet published for domestic consumption to its now ubiquitous presence After detailing the composition publication and reception of the original march the book analyzes the impact of transcriptions and

arrangements for solo piano orchestra band and other settings In addition it considers the ways the march was used symbolically even manipulated during the Franco Prussian War and the two world wars as well as the diverse creative uses of the piece by significant figures as varied as Willa Cather Isadora Duncan Walt Disney and Igor Stravinsky This study of the reception and impact of the Marche militaire offers a unique narrative illuminating the world that enshrined this remarkable score as one of the most memorable musical works of the nineteenth century Scott Messing is the Charles A Dana Professor of Music at Alma College and the author of two works available from the University of Rochester Press *Neoclassicism in Music* and the two volume *Schubert in the European Imagination* *The Lure of the Modern* Shumei Shi, 2001-04-20 Quite apart from her contributions as a literary critic Shu mei Shih is able to historicize literary developments of the period most persuasively Her analysis of Shanghai the city and the literary movement it spawned is crafted with great sensitivity to both history and literature In many ways it is the most inclusive historical study of modern Chinese literature in its formative period Prasenjit Duara author of *Rescuing History from the Nation* Tracing the spectral production of Chinese identity as it is disseminated globally Shih boldly moves away from using place ethnicity and the body race to anchor Chinese identity to argue that the visual film and the verbal language and linguistics are the most salient ones in the modern and contemporary historical formation She succeeds brilliantly David Palumbo Liu author of *Asian American Historical Crossings of a Racial Frontier* This is the most thoroughly researched study of Chinese modernism published to date The author's theoretical interventions greatly enrich our understanding of colonial modernity and the stakes of comparison in cross cultural studies The book is a major contribution to modern Chinese literary studies and comparative literature Lydia Liu editor of *Tokens of Exchange* **The Lure of the Land** Edith Loring Fullerton, 1909 [The Ezra Pound Encyclopedia](#) Demetres P.
