Handwriting Analyst's Toolkit Peter West,2004 Learn to read your emotions and desires and those of people you deal with every day A graphology expert instructs readers in the basics of handwriting analysis He shows how to employ a step by step method that gives a reliable description of a subject based on a sample of his or her handwriting Just as our voices reveal much about our emotions our motives and our needs so too does our handwriting present a psychological profile to the analyst who knows how to decipher it A simple but clever set of tools devised by the author is enclosed with this book Its components are A protractor to measure angles of handwriting slant and gauge emotions at the time of writing as well as to interpret enduring personality traits A gauge for estimating the zones into which each part of a handwritten letter falls A rule for measuring any letter s size and spacing All components in the tool kit are printed on sturdy transparent acetate to be used as an overlay on handwriting samples An opening chapter presents an overview of handwriting analysis discussing

handwriting pressure size spacing slant and the qualities these features indicate Subsequent chapters discuss what handwriting reveals about a subject's public life and inner life A final chapter offers an at a glance guide to decoding psychological meanings underlying the various ways in which a subject shapes each letter of the alphabet This fascinating book provides a key to self understanding and the understanding of others More than 250 instructive color illustrations

The ABCs of Handwriting Analysis Claude Santoy, Ph.D.,2005-08-25 The ABCs of Handwriting Analysis is an indispensable tool for anyone hoping to peer behind the letters on a page professionals responsible for hiring and managing other employees and hobbyists looking to uncover the truths we reveal through our writing It demonstrates proven techniques for deconstructing hand lettering to determine an individual's inner workings revealing mental aptitudes and emotional characteristics odd or unusual personality traits sense of humor sexual motivation and many other qualities all through the critical analysis of the slant pressure size and shape of one's scripted letters Claude Santoy's step by step instruction on the most practical and up to date methods of handwriting evaluation includes psychological interpretation of drawings and doodles methods of determining mental health from handwriting workbook examples to help readers master the system and a helpful glossary of terminology Packed with useful information The ABCs of Handwriting Analysis is the ultimate guide for anyone interested in uncovering the secrets hidden within handwriting *The Secret Self* Anna Koren,1988-10-01 **Handwriting Analysis: A Complete Self-Teaching Guide** P. Scott Hollander,2000 People are difficult to read It can take years before you truly understand a person's motivations intentions or personality traits However when you learn to analyze someone's handwriting you can discover all this and more Simply follow the procedures in Handwriting Analysis if you take a sample of anyone's handwriting you can do a complete analysis of that person's character and personality With clear concise explanations and thorough treatment of the many aspects of graphology this book is a valuable learning tool for all those interested *Graphology* Julian Moore, Is it possible to know all about someone just by looking at their handwriting Imagine you could ask anyone to write down two simple words yet you could start telling them what they're like from their handwriting almost immediately even complete strangers You must admit that would be cool How could you know so much with so little information Well with the graphology system outlined in this new graphology book designed to be learned in few days you can be giving interesting yet fun handwriting readings in no time at all Here are some points to consider Can be learned over a weekend Requires only two words to be written down Can be done for two or more people at the same time A great ice breaker or conversation starter Once you've learned it it's almost impossible to forget Oh and did we mention the FREE AUDIOBOOK We almost forgot not only do you get the book packed with examples exercises and top tips to make learning graphology as painless as possible you also get the 13 part audiobook thrown in as well FLASH CARDS With the book and audiobook you also get a set of 10 flash cards Print them off onto index cards and stick them in your back pocket so you can have an instant refresher moment while you're still learning the system No need

for last minutes nerves a quick look at your flash cards and you can top up your new found knowledge in a jiffy Powerful stuff Seriously knowing this information is powerful everyone is interested in themselves and by using the fun techniques in this unique book you ll find that sometimes you simply haven t got the time to check out everybody s handwriting REVIEWS I really enjoyed reading your new book and would heartily recommend it It is a great way to learn the art without spending hours ploughing through the many books out there on the subject Richard Osterlind Julian is a wonderful teacher I ve tried learning enough about graphology before to use as an adjunct to my mentalism performances but it never stuck And I quickly became bored With Julian s system once the info is in your head it isn t easily leaving And I found the whole process fun Julian has set this up in a way that you get constant reinforcement for your efforts and just want to keep going Bill Cushman I have finished Julian s book on Graphology and highly recommend it Julian has condensed a large amount of information on graphology into an easily memorized system and provided a presentation that is short sweet and can be done on the back of a business card I like to explain how I am getting my information as I am doing the reading and Julian s system is perfectly suited for this In fact it is so simple to explain that your subject will likely go away believing they have learned something valuable even in the unlikely event that most of your reading doesn t hit the mark so you really cannot lose Anyone that is interested in Graphology should definitely pick up this book John Lumber As a long time graphologist I ve perused Julian s manuscript and can attest that it is exactly as described He s taken some of the real meat of the subject and found a way to explain it clearly and simply AND to do it in a wicked clever mnemonic sort of structure that makes it quite easy to remember And therefore easy to explain to others He s done a lot of hard mental work so that you won t have to Well worth the price tag for those who wish to use it Brane OTHER KINDLE BOOKS IN THE SPEED LEARNING SERIES BY JULIAN MOORE Speed Learning Graphology The Art Of Handwriting Analysis Speed Learning Cartomancy A Playing Card Reading Primer Speed Learning Palmistry Palm Readings In Your Own Words Speed Learning Numerology Numbers Past And Present With The Lo Shu Square Speed Learning Star Signs The Psychology of Handwriting Nadya Olyanova,1973 **The Psychology of Handwriting** Nadya Olyanova,1977 Handwriting Analysis and the Employee Selection Process Kathryn K. Sackheim,1990-10-05 The first graphology book written specifically for human resources professionals this volume is designed to help those involved in the selection of new employees find out how handwriting analysis can help them learn more about the people they plan to hire and promote As the author notes at the outset handwriting analysis is beginning to enjoy widespread acceptance in the U S as a valuable adjunct to other pre employment tests Sackheim suggests how managers can best work with a professional graphologist shows how to find a consultant with the proper credentials and demonstrates how to evaluate the various traits revealed by handwriting analysis according to how they affect business situations Numerous case studies and hundreds of handwriting samples are included to illustrate points made in the text Sackheim begins by placing graphology into historical perspective tracing its development from the time of Aristotle to the

present Part I covers the process of graphology and moves from a general discussion of handwriting through such specifics as slant rhythm pressure and size spacing writing speed and style and straight lines circle letters and i dots The second section presents case studies of sales people managers presidents and other jobs and demonstrates how handwriting analysis can be an effective tool in evaluating candidates for various types of positions In the third section Sackheim provides the first complete survey of the graphology literature ever published Her review encompasses virtually every study written in English since 1919 as well as over 50 articles in psychological journals The final chapter addresses the legal issues involved and discusses discrimination laws and the right to privacy U S Supreme Court decisions and Equal Employment Opportunity Commission requirements With the background provided here human resource professionals will be able to add handwriting analysis to the tools they are already using for the selection and evaluation of employment candidates throughout the organization
