

Poetry Analysis Essay Examples

Ballad of Birmingham is the author of the poem that revolves around a little girl who would like to go downtown to take part in a freedom protest. Her mother, however, says that she cannot go because of the dangerous conditions outside. Her mother instead tells her to go to church despite the little girl's constant explanations that she would not be alone. Defeated and in a show of respect for her mother, the little girl gets dressed and goes to church. Her mother is contented that she would be fine at the church. Sooner her mother hears of an explosion that sets her racing downtown in search of her daughter. Unfortunately, she finds her daughters dress and shoes in the piles and rubbles. She is left wondering where her daughter is.

The author employs the use of imagery in most parts of the poem to trigger the emotions of the readers concerning the innocence of the little girl and the gravity of the explosion. The imagery serves to create a memory in the readers' minds that are left forming the images after reading the whole poem.

The first use of imagery occurs in the second stanza, second and third lines. The little girl's mother describes the nature of the streets which are, in her opinion dangerous for a little girls life "... dogs are fierce and wild." The little girl's mother is worried that the girl could lose her life to the guns, or get arrested as a result of the march for freedom "...and clubs and hoses, guns and jails." The imagery used in the third line depicts how the government through the police dealt with protesters. The line shows that the police would use clubs, hoses, and guns to thwart the protests. The police also could arrest the protesters and take them to jail. The readers thus form the image of how the police dealt with the protesters that eventually appeals to their emotions.
