Court Queens Coutny , Crusade and Colonisation Elena Lourie,2024-10-28 The history of the Reconquista the Christian
reconquest of Spain from the Arabs has proved an increasingly stimulating field of historical research On the one hand the
struggle forced Spanish society into a mould which then shaped the course of its expansion into the Americas on the other it
gave rise to a unique process of accommodation and acculturation Dr Lourie here concentrates on the realms of the Crown of
Aragon in the 12th 14th centuries The first articles deal with the evolution of the crusading spirit with geopolitics notably the
rivalry between Aragon and Castille and with the progress of Christian colonisation The next section examines the conflicting
demands of ideology demography and colonisation and includes one major new study on Christian ambivalence towards the
Mudejars the conquered Muslim population Dr Lourie seeks to throw this attitude into sharper focus by comparing the
Muslim situation with that of the Jews and it is to the latter and their relations with Christians that her last five articles are
