Garner, 2004-02-13 Good legal writing wins court cases It its first edition *The Winning Brief* proved that the key to writing well is understanding the judicial readership Now in a revised and updated version of this modern classic Bryan A Garner explains the art of effective writing in 100 concise practical and easy to use sections Covering everything from the rules for planning and organizing a brief to openers that can capture a judge's attention from the first few words these tips add up to the most compelling orderly and visually appealing brief that an advocate can present In Garner's view good writing is good thinking put to paper Never write a sentence that you couldn't easily speak he warns and demonstrates how to do just that Beginning each tip with a set of quotable quotes from experts he then gives masterly advice on building sound paragraphs drafting crisp sentences choosing the best words Strike pursuant to from your vocabulary quoting authority citing sources and designing a document that looks as impressive as it reads Throughout he shows how to edit for maximal impact using vivid before and after examples that apply the basics of rhetoric to persuasive writing Filled with examples of good and bad writing from actual briefs filed in courts of all types *The Winning Brief* also covers the new appellate rules for preparing federal briefs Constantly collecting material from his seminars and polling judges for their preferences the second edition delivers the same solid guidelines with even more supporting evidence Including for the first time sections on the ever changing rules of acceptable legal writing Garner's new edition keeps even the most seasoned lawyers on their toes and writing briefs that win cases An invaluable resource for attorneys law clerks judges paralegals law students and their teachers *The Winning Brief* has the qualities that make all of Garner's books so popular authority accessibility and page after page of techniques that work If you're writing to win a case this book shouldn't merely be on your shelf it should be open on your desk **Garner's Modern American Usage** Bryan A. Garner, 2003 Painstakingly researched with copious citations from books newspapers and news magazines this new edition has become the classic reference work praised by professional copy editors **Everything You Know About English Is Wrong** Bill Brohaugh, 2008-05-01 I don't know how else to tell you this everything you know about English is wrong If you love language and the unvarnished truth you'll love *Everything You Know About English Is Wrong* You'll have fun because his lively comedic skeptical voice will speak to you from the pages of his word bethumped book Richard Lederer author of *Anguished English* Get Thee to a Punnery and Word Wizard Now that you know it's time to well bite the mother tongue William Brohaugh former editor of *Writer's Digest* will be your tour guide on this delightful journey through the English language pointing out all the misconceptions about our wonderful and wonderfully confusing native tongue Tackling words letters grammar and

rules no sacred cow remains untipped as Brohaugh reveals such fascinating and irreverent shockers as If you figuratively climb the walls you are agitated frustrated crazy If you literally climb the walls you are Spiderman Biting the Mother Tongue English does not come from England The word queue is the poster child of an English spelling rule so dominant we ll call it a dominatrix rule U must follow Q Slave So much of our vocabulary comes from the classical languages clearly Greece and not Grease is the word is the word is the word Emoticons Unpleasant punctuational predictions Better plotted than a glossary more riveting than a thesaurus more filmable than a Harry Potter index and that s just Brohaugh s footsnorts I mean feetsnotes umfeetsneets good gravy I mglad I mjust a cartoonist John Caldwell one of Mad magazine s Usual Gang of Idiots This book guarantees you ll never look at the English language the same way again if you write read or speak it it just ain t possible to live without this tell all guide Ain t incidentally is not a bad word *Garner's Modern English Usage* Bryan Garner,2016-03-11 With more than a thousand new entries and more than 2 300 word frequency ratios the magisterial fourth edition of this book now renamed Garner s Modern English Usage GMEU reflects usage lexicography at its finest Garner explains the nuances of grammar and vocabulary with thoroughness finesse and wit He discourages whatever is slovenly pretentious or pedantic GMEU is the liveliest and most compulsively readable reference work for writers of our time It delights while providing instruction on skillful persuasive and vivid writing Garner liberates English from two extremes both from the hidebound purists who mistakenly believe that split infinitives and sentence ending prepositions are malfeasances and from the linguistic relativists who believe that whatever people say or write must necessarily be accepted The judgments here are backed up not just by a lifetime of study but also by an empirical grounding in the largest linguistic corpus ever available In this fourth edition Garner has made extensive use of corpus linguistics to include ratios of standard terms as compared against variants in modern print sources No other resource provides as comprehensive reliable and empirical a guide to current English usage For all concerned with writing and editing GMEU will prove invaluable as a desk reference Garner illustrates with actual examples cited with chapter and verse all the linguistic blunders that modern writers and speakers are prone to whether in word choice syntax phrasing punctuation or pronunciation No matter how knowledgeable you may already be you re sure to learn from every single page of this book **Smart Words** Mim Harrison,2008-11-04 How and where to use 500 of the words that make you sound more cultured worldly and downright smart Whoever said sounding smart had to be painful It s all in how you acquire the ten dollar words of English Smart Words makes fast and smooth learning of words such as prelapsarian sedulous sybaritic and draconian How By sticking to ultra simple definitions then offering a memorable and often funny description of when or why to use the word A sample sentence shows you how And the phonetics are a snap Here s the description of sybaritic defined as luxurious Make that luxurious with a capital S The word got its start from Sybaris an ancient Greek city known for being a tad over the top in the pamper me department Whether you re a word lover a fan of quirky reference books or simply in need of a vocabulary makeover Smart Words will

help you be smarter about the words you use and the way you use them James J. Kilpatrick William P.
