A Brief Guide to Islam Paul Grieve, 2013-02-07 Exploring the beliefs, history and politics of the ordinary people of Muslim countries, Grieve cuts through the complexities as he examines all aspects of Islam. He also addresses the big issues: can Islam support true democracy? Is true democracy what the West really wants for Muslim countries, or are we merely seeking a cover of legitimacy for a policy of might is right? Paul Grieve is an unbeliever; he is not a born-again Muslim, a proselytizer or a frustrated desert romantic. His aim is to inform. The result is an accessible but never simplistic guide that challenges stereotypical views from women and banking to war and Malcolm X. Complete with advice for visitors to Muslim countries and with carefully chosen primary sources, maps and illustrations, this is the ideal summary for the reader looking for an unbiased overview of the religious and political world issues that have become part of our everyday lives.
