

What is Justice?

Justice means everybody behaves and is treated in a way and is fair, equal and balanced.

How does God feel about Justice?

Isaiah 30 v 18 tells us that:

"God is a fair God."

When God sees things in the world that are not fair and just, how does it make him feel?

- God hates injustice and hypocrisy (saying one thing but doing another). Throughout the Old Testament God speaks through his prophets and says He hates it when He sees his people praying and worshipping, but not doing anything to fight injustice. You can find examples in **Isaiah 1, Amos 5, Zephaniah 3 and Ezekiel 22**.
- God feels the pain of those who suffer injustice. In **Matthew 25 v 31–46** Jesus explains that God will look at how we treated the people we met in the world. God says that when we ignore the needs of those around us, we ignore him. God knows and feels the acts of injustice in our world.

How does injustice make you feel?

Angry? Sad? Frustrated? Confused?

How can I show Justice?

In Micah 6 v 8 we are told that God wants us to:

**"do what is right to other people,
love being kind to others,
and live humbly, obeying your God."**

- We can demonstrate Justice by treating those we meet fairly and kindly, sharing God's love with everybody.
- We should not treat anybody differently because of where they are from, what they look like or what they believe.
- We should speak out if we see that something is unfair or if somebody is being treated differently because of their gender, race or beliefs.

Praying for Justice

Why not use these words from Amos 5 v 24 to inspire a prayer for justice in the world.

But let justice flow like a river,

and let goodness flow like a never-ending stream.

Munayer, 2024-07-05 Christians too often disregard the depth and thoughtfulness of Jewish Muslim and Middle Eastern Christian concepts of justice To fill this lack this book explores the rich development of justice within each Abrahamic faith as it relates specifically to the Palestinian Israeli context From a uniquely Palestinian Christian perspective this book offers a theological framework through the concept of reconciling justice to facilitate better understanding for multiethnic political and religious encounters as a prophetic imagination for peace and reconciliation in the region

A Theology of Paul the Apostle, Part Two G. Roger Greene, 2023-07-12 The legacy of Paul looms large in all Christian theology The New Testament and the Christian world itself would be a very different place apart from the impact of the apostle Paul The work Theology of Paul the Apostle is presented in two parts Attention is given in each volume to the foreground matrix of the place of Paul within historical Christian interpretation Part One Paul s Eschatological Gospel addresses matters relevant for Paul s appreciation of the gospel of God in the establishment of the eschatological community in Christ Part Two Cross and Atonement addresses the more specific and particular issues within Paul s gospel that have been a storm center within theological discussion The present writer finds Paul to be one who embraces the gospel of God in Christ the resurrection being the turning point of the ages that calls for a cruciform imperative of Christian identity and living in an eschatological age of fulfillment Paul s theology and cross imperative has continuing relevance within the very different matrix of a postmodern world

Justice as a Basic Human Need Antony James William Taylor, 2006 Psychologists in different tributaries of the discipline have long been preoccupied with aspects of Justice but none previously has addressed the essential question raised in this book namely of justice being as vital to the essentials of life and to the flowering of the human spirit as other basic needs The same can be said for academics and practitioners in other disciplines in social science as well as those in mental health and psychiatry Although lawyers might come close to accepting the proposition it seems to me that in the main their professional expertise is directed to the superficial maintenance of systems of justice rather than to the underlying reasons for doing so This book arising from academic clinical empirical and theoretical studies goes the further mile by giving justice its proper place in the hierarchy of basic human needs It is designed in accord with a general

systems theory in which contributions are welcomed from international scholars and researchers in different domains of knowledge Above all it is written in the hope of inducing others to share a commitment to justice and do their utmost to prevent injustice
